Hi to All,

May 21st is good for me. 2:30 PM or 2:45 PM would be better for me, since I need to be at a meeting at 4:30 PM which is a good 45 minutes away. If you can't move it up, let's do 3 PM and I'll run a little late.

Carol

Hi Debbie and Carol - Elizabeth Butler is the project manager for EPA that is overseeing the removal portion of the Passaic project. Alice Yeh oversees the lower 8-mile early action and 17-mile study, although the latter is being transitioned to Stephanie Vaughn, a veteran EPA Region 2 employee that is new to the Passaic team. A power house of strong females heading up the Passaic effort!

Elizabeth and I are available May 21 at 3 PM. We would be glad to call

you/conference you all in. Does that work?

Quick Call

David

Carol and I were wondering if we could have a quick call with you, or Alice if that is more appropriate, to discuss the submission of any recent documents by Tierra related to the Phase I action. I note that The Phase I Removal Design was supposed to be submitted according to a chart released at the Coordination in February, along with some other documents.

We have availability May 20th after 11am or May 21st after 2pm.

Thanks, Debbie and Carol
